PROFILE

A passionate and proactive IT professional with hands-on experience in software engineering, IT security, Data mining, Machine Learning and full-stack development. Driven to excel in dynamic environments, I aim to contribute to impactful projects while expanding my technical expertise. Committed to innovation and continuous learning, I bring a valuable mix of skills and adaptability to any team.

EDUCATION

Informatics Institute of Technology affiliated with the University of Westminster	2023 - Present
B.Sc.(Hons) Computer science	

Key Modules:

- Mathematics for Computing
- Software Development
- Web Design and Development
- Database Systems
- Information Technology Security
- Object Oriented Programming
- Client Server Architecture
- Machine Learning and Data mining

Nalanda College , Colombo 10	2009 - 2022
Primary and Higher Education	

PROJECT EXPERIENCES

- **RiVVE Hostel Marketplace**
Developed a hostel booking platform for the System Development Group Project using React, Tailwind CSS, Node.js, and Express.js, with features like Google Maps integration and user reviews.
- **Airplane Seat Management System**
Developed a Java tool for seat reservations, pricing, and cancellations.
- **Sustainable Development Goal (SDG) Themed Website**
Designed a responsive website promoting UN Goal 13 with HTML, CSS, and JavaScript.
- **Cybersecurity Incident Analysis on Target Corp (2013)**
Investigated the 2013 Target breach, analyzing vulnerabilities, threats, and mitigation strategies to improve cybersecurity resilience.
- **Event Ticketing System**
Built a CLI-based Java app with real-time ticketing, multi-threading, and JSON-based configuration using Java, Spring boot and React.

- **University Progression Prediction Program**

Built a Python app to predict student progression using credit data.

TECHNICAL SKILLS

Programming Languages		Tools and Technologies
Java	CSS3	MySQL
Python	Javascript	Figma
React	Spring Boot	Canva
HTML5		Notion
Tailwind CSS		Adobe Photoshop
TypeScript		Adobe AfterEffects

WORK EXPERIENCE

Service Crew Member 2023 - 2024

Soo Ceylon Pvt Ltd. – Cafe

Gained experience in handling orders, cash transactions, and inventory management while ensuring quality service. Developed teamwork, problem-solving, and adaptability skills by assisting diverse customers in a fast-paced airport environment.

CERTIFICATION

Postman API Fundamentals Student Expert – Issued in Dec 2024

LEADERSHIP AND EXTRACURRICULAR ACTIVITY

- Digital Experience Vice President for the term 25.26 of AIESEC in IIT
- Member of the IEEE student branch of IIT
- Committee member of the Science and Research society Nalanda College 2021-2022

AIESEC EXPERIENCE

- Lead campaigns to enhance engagement and brand awareness through strategic Project Management, Public Relations, and Marketing.
- Oversee creative initiatives, analyze performance metrics, and optimize digital strategies.
- Collaborate with a dynamic team to drive innovative digital experiences and audience interaction.
- Develop leadership, communication, teamwork, and strategic thinking skills.
- Gain in-depth knowledge of digital trends and audience engagement strategies.
